

News From Your TOWN HALL

Where's the money coming from? What money? Oh, the money to provide a sewerage system, a drainage system, sidewalks and streets.

Well, where is it coming from? Ask yourself that and then try to find out. You (the City) must have it on hand—which it ain't; a friend must give it to you, which he might, or you must borrow it—which is the most likely answer.

If you borrow it, these bond and bumper are gilded, when it comes to security. What security have you got? You don't know, nor does anyone else. Who can tell you what security you've got? A Tax Assessor, backed by the advice and help of competent assessors. A shipload man of assessing taxes, which has heretofore prevailed, doesn't tell you what you have. Once a proper system is set up, it can be kept up.

If you're satisfied with the way water stands on your property with a heavy rain now, don't do anything about it. If you're not satisfied, we suggest that you can pump the water off much easier than you can build a levee above possible flood level.

If interested, ask questions about the proposed bond issue on the 30th of April, when an effort will be made to get Uncle Samuel to do some work. For the fact, not only for Belle Glade, but the whole county.

Red Cross Drive Laggging Somewhat

Those who make the donations to the Red Cross drive are not getting the credit they deserve. The member have brought the total collections to date to approximately \$3,000, 60 per cent of the total \$5,000, but the individual \$1 members have been somewhat indifferent.

Farmers and contract harvesters and packing houses are contacting each of their field and packing house employees, asking for memberships, and if they respond as well proportionately as in past years, the \$5,000 quota will have been reached by the middle of the coming week, when the campaign will close.

Red Mounts Tries A Disguise With A New Straw Hat

"A Red Mount was out here in Belle Glade Thursday for a conference with his associate, Prof. Speer, and to look over some of the local conditions that he thought might be of interest to him. He was wearing, and you would never take him for an educated farmer, but a backwoods native. His friends had to look twice to establish his identity.

Congressman Sikes Demands Investigation

Charging that the disposition of surplus property is either one of the most inefficiently handled of our time or is a wholesale scandal, Congressman Bob Sikes has called for an investigation by the Department of Justice. Surplus property is controlled by the War Assets Corporation.

Belle Glade To Have Fine Baseball Team

Yes sir, Belle Glade is going to have a good town baseball team for the summer months. In answer to Ralph Kirk's call, a company of around 25 players gathered at the city hall on Friday night, and took the preliminary steps of organization. It was found that there was quite an aggregation of young men interested in the project, and when they had a practice session at the Recreation Park over the week end, it was demonstrated that there are some clever diamond actors in the bunch.

Suits for the players have been ordered, arrangements made for procuring bats and balls and other equipment. Another meeting will soon be held when players will be chosen. Any player, especially returned veterans, who are interested, are invited to join the group.

Jack Bell Speaks To Pahokee Rotary

Jack Bell, columnist of the Miami Herald, entertained the Pahokee Rotary club and their Amns last Thursday night with a talk on "The Present World Conditions," with particular reference to Russia and the Orient.

After an hour's talk his audience was still closely attentive and enthusiastically applauded. The speaker discussed the situation and stories of his varied experiences in the several battle zones.

Jay Morris Accident Victim

Jay Morris, who is engaged in the pile hauling business, met with a serious accident Saturday day. He had a flat tire on his truck, took it to the repair shop for repairs, and was ready to re-join the city when the unit fell from the truck, and the rim struck him on the leg, fracturing the bone. He was taken to the Migratory hospital where surgeons reduced the fracture.

C. f. C. Meeting

The Belle Glade Chamber of Commerce directors will have their April meeting at the Conservancy Office Monday night, April 1, at 8 o'clock.

No Opposition Presented

Unless something unforeseen arises, the two members of the County Board of Public Instruction, after the November elections, and a new term being elected, from the Glades section will be Mayor George A. Taylor of Belle Glade, and Carmen Salvatore, of Pahokee, as neither has any opposition to his candidacy. The Glades area, under law has been divided into two districts, which gives the area one member on the new five-member board.

Here's The Law

Cities and towns by ordinance cannot permit liquor to be sold or gambling devices to operate closer than three hundred feet to a public school site. Attorney General J. T. Watson stated in an opinion to State Beverage Director James T. Voelke, State law prohibits the sale of alcoholic beverages in places closer to schools than three hundred feet. Watson declared, and municipal ordinances cannot change it. This means the hundred feet in a straight line, and measured to the school grounds, not just to the school house, the attorney general added.

Officer On Vacation

Officer W. H. Cochran is enjoying a short vacation visiting his family in Panama City, where he formerly was employed in the ship yards, and Guard "Bug" Fielder is looking after his duties in the city during his absence. Week by week the income from the meters shows an advance as the latest weekly collected amount is \$1,175, and \$153.50 for violations.

Local Legion Post To Build Portion Of Permanent Home

Auditorium To Be Completed During The Summer

Joe Friedheim, chairman of the Building Committee of Everglades Post No. 20, American Legion, together with his committee, have authorized N. Willis to proceed with the construction of a portion of the planned home, and authorized the expenditure of a sum not to exceed \$11,000, toward this.

The property on which the building will be erected is a plot 150 feet on SE First and Second streets, and 270 feet on Southeast Avenue D.

The building as planned calls for a main auditorium 50 by 80 feet with room for a kitchen and a large dining room, together with quarters for the caretaker. Office room and rest rooms are also provided in addition to the above. A porch 12 feet wide will be built around the east, south and west sides of the building and will be of steel.

Work has been authorized for the building of SE Avenue D from First to Second street, by the Landers Construction Company. Now that a permanent home is in sight, the local post will make a drive for new members of World War II, including women. Approximately 40 World War II members have already been admitted to the post, and it is estimated that at least 150 more are eligible for membership.

Building Permit Order Issued By Government

World War II veterans who are registered to vote in primaries before entering service can vote in this spring's primaries even though they are discharged after registration.

City Commission Discussed Street Sidewalk Problems

The city commission session Wednesday night was rather slow one, with little new business on the card, so the commissioners got around to discussing the situation of streets and sidewalks in the city, their need of much repair, and also the means of financing same, should a program be started.

Spent Week End At Ranch

Mr. and Mrs. Milton Campbell, Mr. and Mrs. K. C. Campbell, and families, spent the week end at Taylor Creek ranch of the Potters, located near Ft. Bassinger. They had a "roughing it" outing, which included duck hunting and catfishing some night fine fish.

Elision Watson Receives Discharge From Army

A discharge was granted to Elision Watson on March 17th at Ft. Bragg, N. C. Following 31 months of service, 11 of which were spent aboard a hospital ship in the Atlantic. He held the rank of corporal. He also took out another \$500 E. here this week.

Combination County And City Jail Is Latest Proposal

For a dozen of years, Palm Beach county has been flitting and saving up funds for a new county jail, but beyond plans and specifications, and lots of discussion, nothing has been accomplished toward that end. Now, the City of Palm Beach finds it's likely necessary for it to make a move and build a new jail.

The latest development is now a proposal that the county and city unite and build a jail in which will care for the needs of both the county and city, and it is getting favorable consideration by the officials of both governing bodies.

Mail Contract Job Open For Bidders

When Victor Riedel, left to serve in the armed forces, he left the contract job of carrying the mail from the local post office to the Florida East Coast Railway, and the same was open to him on his return from the service. Victor has now no need to leave his home, as the work back as he has other business interests.

Drain Prison Farm Lands

The state cabinet at Tallahassee on Tuesday set aside \$20,000, which will be used to drain lands on the Belle Glade prison farm. The land drained is to be used by the state in raising 1900 additional acres of ramie for the Florida Ramie Corporation.

Present production will not be sufficient to provide the new plant with continuous operating material, so this added source has been arranged to cover this deficiency.

Veterans Can Vote

World War II veterans who are registered to vote in primaries before entering service can vote in this spring's primaries even though they are discharged after registration.

Golden Rams Played Close Game With Eagles

The Ft. Pierce baseball aggregation is not near as strong as was its Okeechobee team, which was shown in the game with the Golden Rams at Okeechobee Camp diamond on Tuesday afternoon.

New Fruit Juice

Lawrence P. Greer, chief chemist for Bruce's Juices, citrus processors of Tampa, reports a new powdered orange juice product can be eaten like hard candy.

Bus Hits A Tree

The Glades Motor Lines' Wednesday night had considerable damage done to one of its buses while enroute to West Palm Beach. The big bus ran off the highway and collided with one of the trees along the canal.

Clewiston Here Today

Clewiston comes to Camp Okeechobee this Friday afternoon to play the Golden Rams in the baseball game. The game starts at 4 o'clock.

New Industry In The Making For The Glades

Surplus Crops And Waste Products To Be Utilized

Steps which are beyond the sectional line, have been taken which in all probability may make a new industry for Belle Glade by this time next year, one which will have a direct influence on the marketing of our many varieties of vegetables grown in the Glades area. The project will be a two-pronged one for the canning of vegetables for commercial uses, and the other for chemical research products for the utilization of waste products from the packing houses, and will be cooperative in its ownership and management.

Graber and Sons, and Chapman Brothers, who grow winter vegetables to begin with, have completed their season and have already moved much of their equipment by truck to their Martville, Ohio, factory.

Bethany Class To Meet At Royal Home

The Bethany Class of the Community Methodist Church will meet at the home of Mrs. George May Monday, April first, at 8 o'clock.

Fishing Facts

Rube Allen, Jr., fishing editor of The St. Petersburg Times, has been commissioned by the State Advertising Commission to prepare factual material for use in a feature story to appear in Outdoor Life magazine.

Depends Upon A Home

State Road Patrol officials state that they have men who can be assigned to the western portion of Palm Beach county, one position having been open for a month, but such an assignment depends entirely upon securing a home for a married or single man. Has anyone such a domicile?

Load May Be Lessened

Maybe the common income tax payer may get further relief from the tax load he is bearing at present, on the 1946 year's report. Congressmen who are figuring the taxing proposition say that a 10 per cent cut can be expected if the government will keep out down around ten billion of its present spending program.

Grand Commander Cowles To Visit Florida Consistories

W. C. Johnson and James Don, of Jacksonville and Miami, grand deputies of the Scottish Rite of Florida, are arranging for a pilgrimage to Florida Consistories for Grand Commander John H. Cowles of the Southern Jurisdiction, who comes from Washington, D. C. Meetings will be held in Jacksonville, Tampa and St. Petersburg, Miami the latter part of April, when special degrees will be explained by consistory staffs.

Headed For 4th Term

Louie Carter, who has been filling the position of Clerk of the Court in Palm Beach county for the past eight years, is heading for an unopposed fourth term, and no candidates qualified against him. Carter has as his acquaintance in the Glades area.

Visited Miami Beach

Mr. and Mrs. Barney Taylor, accompanied by the former's mother, Mrs. Dolly Taylor, of Jonesboro, Arkansas, spent Sunday at Miami Beach. Mrs. Taylor who has been visiting her son for the past two weeks, will return home at the end of the present week.

Picked Up Sign Painter

The city long has wanted a man who had sign painting abilities and this past week, picked up a white man who had that profession. He had no money to pay his fine and so was booked for a 30 day stay at city work. He let it out at his own house, and that is his present job, and he has turned out some very flashy and creditable work, for the city and schools. You fellows who don't believe in sign painting, better change your notions about the precautions soon to state you in the face or Mayor Mayfield will be reciting to you, how sorry he is over your predicament, and land you out a money fine.

Mechanical Bean Picking Machine Works Successfully

Experiments with the mechanical bean picking machine on the Otis Hayes farm this past week has drawn the attention of many of the local farmers, who are much interested in the tests. In order to meet several conditions down here, a number of minor changes have been suggested, which will be added to the machine by its producers, but taken as a whole, the tests have been pronounced very successful.

Another Veteran Coming Home

Charles R. Reynolds, T-5, of Belle Glade, is due to arrive in New York Sunday on the SS George Elliott, from the European theater of action.

Observation And Comment

Belle Glade can congratulate itself on the fact that it has been spared the usual year's report. As large and significant as has been this growth, yet, still greater things can be expected from the employment of labor. Every day finds more and more people coming into our city on investigating and business missions.

Water Control Committees For Hillsboro And WPB Canals Plan For Hearing

U. S. Engineers To Hold Hearings April 30 on Area Flood Control

Dr. R. V. Allison, chairman of the Water Control Committee of RDB called the two sub-committees on the Hillsboro and West Palm Beach - Canals to consider testimony given before the U. S. Engineer Board that will conduct the hearing here on April 30th.

Representative land owners from the Hillsboro and from the areas of the two canals were present, as well as two members of the Everglades Drainage Board, the chairman, Hillsboro, of Miami, and Sam Chastain, board member from Canal Point. Lamar Johnson, engineer for the Everglades, also was present, as was Horace Bester, of the U. S. Sugar Corp., and Mr. Broadfoot, of the U. S. Engineers.

Hans Stein Home

"Hans" Stein, who served during the late war, and later into business establishment near Macon, Ga., has sold the latter and has returned to Belle Glade. He has taken over the management of the Hillsboro Plantation. When it comes to machine and machine work, Hans knows his business.

Will Prepare Budget On Ringling Museum

Sarasota, (FNS)—Dr. Doak S. Campbell, president of F. S. W., was selected by the State Ringling Commission to prepare a tentative budget based on expected costs to improve, maintain and operate the Ringling Art Museum at Sarasota. The committee members present included J. Thomas Gurney of Orlando, Karl A. Bickle of Sarasota, Colin English, Tallahassee, R. A. Grey, Tallahassee, and Dr. Doak S. Campbell.

Bethany Class To Meet At Royal Home

The Bethany Class of the Community Methodist Church will meet at the home of Mrs. George May Monday, April first, at 8 o'clock.

Many Spuds Planted

A recent Farm Bureau bulletin estimates that 39,900 acre of potatoes have been planted in Florida and Texas for early spring harvest. This acreage is 12 per cent larger than a year ago.

Depends Upon A Home

State Road Patrol officials state that they have men who can be assigned to the western portion of Palm Beach county, one position having been open for a month, but such an assignment depends entirely upon securing a home for a married or single man. Has anyone such a domicile?

Before returning to the States, he served nineteen months at the fleet post office at Pearl Harbor, Honolulu, Hawaii.

### W.S.C.S. HAVE QUARTERLY BIRTHDAY LUNCHEON

The quarterly birthday luncheon was held at the Community Methodist Church Wednesday afternoon by the Women's Society of Christian Service. The members honored who have birthdays in January, February and March were Mrs. Walter Hooker, Mrs. Howard Hargy, Mrs. R. W. Kidder, Mrs. Maybell Stallard, Mrs. George Taylor, Mrs. C. A. Thompson, Mrs. Ivan VanHorn, and Mrs. E. M. VanLandingham.

The tables were decorated with a beautiful arrangement of assorted garden flowers. The committee in charge was composed of Mrs. H. L. Royals, Mrs. C. A. Bailey, Mrs. J. A. Ball, Mrs. Milton Campbell, Mrs. Ralph Freeman, Mrs. Geo. Ganas, Mrs. Dick LeFalls, Mrs. Cecil McClure, Mrs. N. T. Neilson and Mrs. M. M. Sabiston. Following dinner, a regular meeting was conducted with Mrs. A. L. Wallis presiding. The devotional was given by Mrs. Hardy Taylor and Mrs. C. A. Thompson gave a chapter of the study book, "The Cross Over Africa."

It was voted to send a donation to Chicago for religious

literature for home and foreign mission work.

A letter from England was read by Mrs. J. L. Freedlund which thanked the society for clothing sent them several months ago, that was donated by the members. It was agreed to send clothing of all kinds to be brought to future meetings for war relief.

### BLESSED EVENT

Mr. and Mrs. L. B. Cook, Jr. are announcing the birth of a son, Ronald, on March 26th, at the Everglades Memorial Hospital in Pahokee. Mrs. Cook is the former Doreen King.

### National Negro Health Week To Be Observed

The U. S. Public Health Service is sponsoring a National Negro Health Week, March 31 to April 7, and the local Okaloosa Migratory Labor Camp has prepared a full schedule to observe this occasion. For the year 1945 the local organization received a Certificate of Merit for their work in this campaign for "A Healthy Family in a Healthy Community."

Special clinics will be held at the Health Center for babies, expectant mothers, and children of school age. A dental clinic will be conducted April 1 and April 4 for the checking and care of the teeth. Health films will be shown with each movie on movie nights. The week will be climaxed with a parade and health sermon in camp.

The teachers, camp personnel, nurses and doctors are giving full cooperation in conducting clinics, giving health lectures in the class rooms and in giving demonstrations to help stress the great need and opportunity for the average Negro family to improve their home and to share health benefits in the community.

The schedule for National Negro Health Week is as follows:

Monday: Dental Hygiene.

Tuesday: Nutrition, 2 P.M.

Veneral disease clinic, 1 P.M.

Wednesday: Adult Health Clinic, 9 to 11 P.M.

Thursday: Baby Clinic, 1 to 3 P.M.; School Play.

Friday: Puppet Show.

Saturday: General clean up day.

Sunday: Parade; sermon.

### Former Sgt. Horton To Visit Relatives Here

Mrs. Mary Horton, former staff sergeant of the WAC, received her discharge on March 26 at Camp Beale, Calif., after 31 months in the army. Mrs. Horton will visit her

mother, Mrs. J. B. Jones, Sr., her brothers, Luther, J. B., and Leslie, in Belle Glade, after visiting friends and relatives in St. Petersburg, Fla., and Winnebago, S. C.

After a tour of duty as librarian at one of the larger air fields in Westover, Mass., Mr. Horton has been engaged in teaching Braille to veterans in Camp Beale, Calif. She is the holder of the Good Conduct Medal, American Theater and Victory Medal.

After a few weeks of rest, Mrs. Horton will re-enter the teaching of Braille in a civil service station. For several years the former sergeant was associated with the South Carolina School for the Blind, and has been associated with the Lions' work with the blind in Palm Beach county.

### Musical Scholarships

Through the Florida State Music Teachers Association, music scholarships are being awarded for 1946-47 by Rollins College, Stetson University, Jacksonville College of Music, University of Miami and Tampa University. Walter Chubb, Rollins College, chairman of the scholarship committee, announced this week.

### Seal Campaign Started For Crippled Children

Tampa—The Florida Association for Crippled Children and Adults launched its state wide campaign for the sale of Easter Seals this week.

Affiliated with the National Society for Crippled Children, the local organization participates in the nation wide program which began last week and continues thru April 21. Those who purchase the colorful Easter Seals will be gratified to know that this money remains in the state and is used for the aid and rehabilitation of the handicapped in their own county.

### St. Petersburg Festival

The greatest "Festival of States" in the history of St. Petersburg will be staged next week. The colorful parade will be held on Friday, April 5th, starting at 4 p. m. Fifty-five Florida high school bands will participate and 60 beautiful floats have been entered.

### Tourists Rushing North

The rush on the part of winter tourists for accommodations north has begun and officials of the Florida East Coast and Seaboard railroads at Miami report that three times as many people apply for reservations each day as there are reservations available. The room for full-man space is especially heavy.

**P.B.W. Club Holds  
Annual Election**

The annual election of officers was conducted at a called luncheon meeting of the Business and Professional Women's Club held at the Glades Delicatessen Thursday noon.

Mrs. Inogene Fontaine will continue to hold the office of president, and Miss Gene Rushing as first vice president. Others elected are Mrs. Elma Delaney, treasurer; Mrs. Abby Zumph, recording secretary; Miss Marie Scott, corresponding secretary, and Mrs. Ruth Wedgworth, parliamentarian.

Plans were discussed for attending the State Convention and election to be held May 16, 17 and 18 in Jacksonville. Miss Sara Upshur will attend as a candidate for state second vice president, and Mrs. Fontaine will accompany her as president of this club. Delegates appointed are Mrs. Inez Green, Miss Gene Rushing, Mrs. Ida Hardy, Mrs. Mary Pope and Mrs. Florence Smith.

It was announced that Mrs. Fontaine has been appointed by the county chairman of the cancer drive as local chairman, and the club unanimously agreed to sponsor this worthy cause.

Mrs. L. T. Creech and Mrs. J. A. Murphy were voted into the club as honorary members.

Others attending were Mrs. Freda McNeel, Mrs. Dorothea Jones, Miss Med Scott Brown, and three guests, Mrs. Gladys Brown, Mrs. Virginia Glenn and Mrs. J. D. Peeples of West Palm Beach.

**Heavy Cement Piling  
For New Ice Plant**

The City Ice and Fuel Company, which cast most of its cement piling for its new Belle Glade plant at Lake Harbor, is now having them moved by truck to the location at which they are to be used.

Report is that the Lake Harbor plant is proving very satisfactory in its operation, and daily output of ice.

If something does not interfere, the company hopes to have its packing house plant here ready for operation for next season's business. Its location will be just north of the old Blue Goose plant, which is being operated by the Florida Free Cooling Company, of Sanford, this year, and will be a component portion of that industry next year.

**GOLDEN RAMS**(Continued from page one)  
Ralph Kirk and Bo Pugh did the umpiring, and the bleacher fans passed some very caustic remarks about the ability of the home plate umpire, but Ralph did try to please all.Score by innings:

Pierce, Reed, Brent and Keen; Home runs, Young; three base hit, Bearden; struck out by Williams, 8; Reed 6; bases on balls, Williams 2; Reed 2; hit by pitcher, Williams 2; stolen bases, Rams 6, Ft. Pierce 7; left on bases, Rams 3, Eagles 6.**Guest of Miami Lodge**

John M. Gledhill was a guest visitor and speaker at the session of Little River Lodge, No. 32, 100F, in Miami, on the occasion of a large class reception into the initiatory degree. The function proved to be very entertaining.

Changeover of 13,000,000 persons from armed forces to civilian life means a saving of 6,500,000 pounds of food, reported A. E. Anderson, head of A &amp; P Food stores laboratory, pointing out that soldiers need a ton of food a year, civilians only 1500 pounds.

# Our Home was lost.

## But the Red Cross gave it back!

"It's SOMETHING we'll never forget . . . the heavy rains . . . the darkness and cold . . . the river rising so rapidly we had to leave our home."

"We lost everything in that flood . . . the house and furniture . . . our clothes, everything. When you're faced with that, you're desperate. We knew no one to turn to . . . We had no money, nothing. Then—the Red Cross came to help us."

"They took over completely."

"Clothes . . . food . . . shelter . . . money . . . they provided everything until they could arrange to have our home rebuilt. And when the baby was sick, they found a good doctor to care for her."

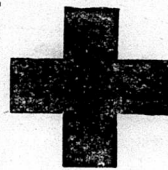

"I guess there's hardly any way the Red Cross doesn't help

in emergencies . . . no problem too big for it to solve . . . nothing too small."

That's right, there's nothing too big for the Red Cross . . . no calamity too widespread . . . no picture too black. Its symbol means food to the hungry . . . shelter for the homeless . . . a friend to the friendless."

You are the Red Cross. It is because of you that this agency of mercy is able to mean so many things to all men . . . to do all it does. It is because of your contribution that the Red Cross is able to help those in need. When disasters strike . . . when great tragedies or epidemics come . . . the Red Cross is there by the side of everyone who needs it. Your gift keeps it there.

Keep Your Red Cross at Their Side,

# YOUR Red Cross MUST CARRY ON . . . GIVE!

Honorable Mention: Dolores Frier.

### Demonstration Club Met At Earwood Home

Mrs. H. O. Earwood assisted by Mrs. R. V. Allison, entertained the Belle Glade Women's Home Demonstration Club at the Earwood home Thursday afternoon, Mrs. W. T. Elder presiding over the business session.

Members answered to roll and the recital of a kind act rendered them by friend or neighbor. The secretary read the telegram sent Senator Clark Pepper regarding the support for the school lunch rooms. It was decided to postpone the next meeting one week in order not to meet during Holy Week before Easter Sunday.

The meeting will be an all day session on Thursday, April 25, with a pot luck dinner at the home of Mrs. W. R. Hooker in Belle Glade, Mrs. N. T. Neilson and Mrs. Norman Hayship assisting. Miss Bertha Nell Hausman, home demonstration agent, announced a meeting of the county nutrition chairmen in West Palm Beach on Thursday, April 1. The project for the meeting will be one dish meals suitable to serve at a covered dish luncheon. Miss Isabelle Thursty of Tallahassee will conduct the demonstration.

The topic for discussion was "Household Decoration." Miss Hausman discussed window drapes for various rooms and how to treat them in order to get a maximum of service from the window and yet beautify the room with the hangings.

She had on display a number of materials suitable for window drapes and for slip covers. Mrs. Mabel Stallard had a display of garments made from silk material bought at the club, house coats of silk and a house dress made from cades.

Mrs. Roy A. Bair reported on an adult class in sewing. Six women made up the class and the entire process from altering the patterns, cutting the garments to finishing was taken up, each member making one garment during the ten lessons.

The slip covers and re-upholstering furniture made at the two day sewing class was on display in the sewing room, many lovely articles having been turned out by the twelve women who attended the school which was taught by Miss Joyce Bevis, state clothing specialist, and Mrs. Mildred Michael, assistant home demonstration agent.

An interesting feature of the meeting was a tour of the studio of Mrs. Earwood and the viewing of her paintings and charcoal studies.

Delicious refreshments were served to Miss Hausman, Mrs. Earline Cone, Mrs. G. C. Ganas, Mrs. Hugh J. Bratley, Mrs. Walter Hooker, Mrs. B. Q. Waddell, Mrs. O. M. Moore, Mrs. Norman Hayship, Mrs. Mabel Stallard, Mrs. Milton Campbell, Mrs. M. M. Sabiston, Mrs. G. J. Barrow, Mrs. H. L. Haney, Mrs. R. V. Allison, Mrs. Roy A. Bair, Mrs. Inga Nielsen, Mrs. G. McClure, Mrs. Harry Shannon, Mrs. Walter Te Strake, Mrs. Thomas Bregger, Mrs. J. I. Freedlund, Mrs. V. L. Jones, Mrs. W. T. Elder, Mrs. R. S. Burr, Mrs. Wm. Guignard, Mrs. Luther Jones, Mrs. Clara Howington.

### Miami Beach Men Purchase The Glades Drug Store Outfit

A business deal of considerable import and size was consummated here last week, when E. D. Humphries and W. A. Wooten, former Miami Beach business men, purchased the Glades drug store on West Avenue A, which has been operated for the past six or seven years by "Doc" Whitsett. Both of the new owners are World War II veterans. Wooten was a captain in the Medical Corps and Humphries of like rank in the Air Corps. Both have been former employees of the Leggett firm, for 12 and 18 years, with Dr. Wooten as the registered pharmacist.

The new owners for the time being will make no radical changes in the operation of the store, taking their time to rearrange things to suit their own ideas. They selected the location after many inspections of towns in Florida, because they could see in Belle Glade a

thriving, growing city.

Dr. Whitsett has gone to Jacksonville, where his daughter resides, and where the Whitsett home will now be located. Mrs. Whitsett is remaining here for a short time to aid the new store owners to become acquainted with the store and patrons. Mrs. Wooten is here with her husband, and Mrs. Humphries will come around June.

### Lion's Club Functions

Announcement has been made that the Belle Glade Lions Club will observe its annual ladies' night on Friday night, April 5th, and the annual benefit show on Thursday night, April 11, the latter at the high school auditorium. The benefit show will be the presentation of "The Woman's Wedding," a highly successful comedy performance.

### "Let Me Get You Some ANTI-PAIN PILLS"

WITH YOUR responsibilities, can you afford to let a Headache, Muscular Pains, Function Monthly Pains or Simple Neuralgia slow you down? Dr. Miles Anti-Pain Pills have been bringing relief from these common discomforts for nearly sixty years.

Countless American housewives consider Anti-Pain Pills almost as much of a necessity in the medicine cabinet, as is flour in the kitchen cupboard. They have Dr. Miles Anti-Pain Pills in the house, many of them carry these little pain relievers in purse or handbag. They are prepared for these minor aches and pains that sometimes occur in almost every family.

—ARE YOU? Dr. Miles Anti-Pain Pills are pleasant to take and do not upset the stomach. Get Dr. Miles Anti-Pain Pills at your drug store. Regular package 25 tablets \$2.50. Economy package 125 tablets \$12.00. CAUTION—Take only as directed.

### Our Training In The Knowledge of Rubber And Its Workings

Will be to your advantage if you bring your tire work to our shop. We use the latest best war materials and technique in our re-capping work.

When you want a new or used tire call on us and we can fit you out on most sizes of truck and car tires.

# Town Council Responds To School Letters

Mrs. Olga Hardy, teacher of the third and fourth grades, at South Bay, recently gave her pupils an interesting assignment in letter writing which has proved exceedingly profitable to the pupils, both from the standpoint of practice in writing a business letter, but also in civic work.

The children wrote as individuals to the South Bay Town Council requesting some playground equipment and a swimming pool to be located in a safe place for the use of children in the community. The fourth grade children composed their own letters, those of the third grade were helped by the teacher as to form and wording. A committee was sent to the post office to make inquiries as to necessary amount of postage required for such a letter.

The Town Council answered the letters, stating that the matter had been acted upon favorably by the Council and steps taken to secure some playground equipment and a suitable playground. Also the matter of the swimming pool was still under advisement.

The children not only had real training in letter writing but had the satisfaction of knowing that their letters had accomplished their purpose. The value of knowing how to write a good business letter was brought home in a very concrete way.

The teacher is to be commended on her method. Letter writing is undoubtedly the most important form of written English composition to be taught in the public schools as the need is universal and every individual should know how to write good business, social and friendship letters. Before completing their grammar school education. If more teachers gave their pupils assignments of this nature there would be far more interest in English composition and far better training for the pupils in the public schools in writing and spelling.

## Work Progressing On New Ranch Project

Wilbur Thompson of Ft. Lauderdale, has three draglines busy on the Desterilla & Serale, Inc. ranch out on Road 26. A new steel bridge is being built across the North New River Canal to serve as outlet for the new cattle ranch now being developed by the above mentioned company. Six pieces of concrete piling are to serve as base for the steel bridge girders. Wood decking will be used and the bridge when completed will be 14 x 90 feet.

Ben Shepherd, farm manager for the new development, states that a half a million yards of muck will be moved in the ditching and diking program now under way. It is estimated that this will take five months to complete. Pumps will be installed adequate to have the water tables under control on the 5000 acre tract.

Mr. Shepherd states that plowing is well under way to get the land in shape for planting St. Augustine and Bermuda grasses for pasturing on the cattle range. The developers, all from Porto Rico, plan to run 30,000 head of cattle when the ranch is running at full capacity, according to Mr. Shepherd. The first cattle will be brought in within the year he said.

The tract is on the east side of the North New River Canal and adjacent to both the canal and Road 26. The bridge now under construction is 12 miles south of South Bay and will connect the development with Road 26.

Mr. Shepherd states that the development is a Porto Rican investment, not promotional and no stock for sale.

## TWO REGIONAL FAVORITES FOR YOUR ENJOYMENT

### CARACAS

RECIPE: Take one 8 oz. package clipped beef; 1 can tomatoes or an equivalent amount in fresh; cooked ones; 1/2 to 1 cup cheese, American or milder; egg for each person to be served, 4 to 6.  
Fry the beef in small amount of butter; add tomatoes and simmer 10 minutes; stir in one egg for each person to be served; stir vigorously to thicken. Just before serving, add salt, black pepper, and green pepper. Serve immediately on toast, hot and plenty of sparkling, cold JAX Beer on the table.  
Serves: 4 to 6.

JAX has mailed \$5.00 to Mrs. Oscar G. Rawlin, Jacksonville, Florida, for this delightful recipe. Send us your regional recipe suggestion. If published, \$5.00 will be paid for its use. Address: Recipe Editor, JAX Brewing Co., Jacksonville, Florida.

and a Glass of  
Golden JAX Beer!

It's a wonderful meal! Especially when the mellow-rich goodness of the Southeast's grand Drink of Friendship adds extra-refreshment delight.

Insist on JAX... serve it with meals to add a tempting, flavorful invitation to truly "good eating." Have JAX Beer during your leisure moments for additional enjoyment. Just by itself, JAX means satisfaction for sure.

In the Southeast, JAX Beer is a favorite... a great brew, designed especially to please the exacting tastes of this region.

## Cuba Exchanging Products By Air

Miami, Mar. 28.—Air trade between Miami and Cuba is expanding so rapidly that within the next six months the average Cuban will be able to purchase in his local stores the same products that are sold over Florida counties, according to Jose L. Proenza, vice president in charge of the Miami office of Expreso Aereo Inter-Americano.

More than a ton of penicillin tablets for Cuban drug stores was a typical freight shipment passing through the Miami office last week of the Expreso airlines which has offices in New York, Washington and Havana as well as Miami.

Other typical shipments to Cuba ranged all the way from costume jewelry for the five and ten cent stores to heavy farm equipment for the sugar centrals of Cuba.

Shipments not so typical in-

SEASONED  
BONDS AND STOCKS

cluded a variety of animals from tame rabbits and mice to a tame skunk. Dog shipments are almost an everyday experience for the workers at Expreso.

Although shipments of textiles to Cuba are increasing daily, this is not a one-way traffic. Cuban manufacturers are expressing heavy shipments of handmade lingerie of genuine silk and quantities of alligator bags and shoes, with most of this merchandise routed to New York.

"This industrial exchange of merchandise is beginning to create a similar type of life in Florida and Cuba that is a practical basis for enduring friendship," Proenza said.

## OBSERVATIONS

Continued from page 1.  
clerk. Commission has given the clerk word to get him a helper, and it is likely to be a returned service man.

Was walking down the street the other night and saw a stranger who was rather under the weather from inebriation, standing at one of the parking meters, trying to broadcast to his imaginary sweetheart.

Constable Ray Whitlock states that he has not persuaded Chief of Police J. G. Parrish to make a final settlement on their egg plant deal. Ray is laying a bit low, thinking up another deal, whereby he may recover what may be due him. Don't interrogate Ray too close as to his success in farming this season, for it might touch a tender spot.

Lions club sight conservation committee hopes to work out a better scheme for caring for local operations. The entire club learned some things from the zone chairman, who gave information as to new contacts and means of getting the service which is needed for the Glades section. The Florida Commission of the Blind, headquarters at Tampa, is to have a representative out here to make a survey. Many operations and corrections can be secured thru its facilities.

There are two things which just can't be found in Belle Glade, which would be of most accommodation to many if they were to be provided. These two things are: A place where some benches could be found where one could sit and rest; and a place to get a free drink of water. If one wants a drink of water he has to go into business establishments or soda fountains and "bump" a drink.

Outside of the one bench in front of Murphy's and that coping bench at Bailey's office, try and find a place to rest. The city has control of a park site just east of the post office, which is grassed and lined with shrubbery, but nary a seat. Some cement benches placed there, with a bit of gravel or stone in front, would be an ideal place for a bit of idling or resting, and a meeting place. How about it, Park Commissioner Parkett? Best benches are also needed down at the Recreation park. Two or three public drinking fountains would come in most handy along the main streets. City can provide the water free, and the fountains would not cost a fortune.

The Glades might be upbraided for not getting out a larger vote on the Singer Island bond issue election. But, when you look at the results of the vote over on the east coast, where the park would have been an immediate and immense benefit, they did not do such a hot job themselves.

Oh, men, long suffering men, are going to get some relief of their shortage on shirts, underclothing, socks, ties and haberdashery, for OPA has directed producers to reduce their warehouse supplies, and to start manufacturing. Better do something for us soon, as those old and threadbare shirts and shirts won't hold together much longer. And for white shirts, boy, oh boy, how much in demand!

Ten years ago I attended the Odd Fellows state convention at Lake Wales. During the week often dropped in at the Scenic cafe, the lion ton eating place of the city. In running over some of my possessions Friday night, I ran across a menu card, which possibly my wife might have collected as a souvenir, but it was among my Odd Fellows possessions. I took a gander over the food prices of those days and compared them with prevailing prices in Belle Glade today, and just could not realize how fortunate we were in those days and did not know it. The special dinner menu dishes cost from 50 to 65 cents,

including a quarter slice of pie, not a sixth as now served; a special steak meal cost 75c; plate lunches from 25c to 35c; the side dishes 10c; sandwiches of the best meats, 10 to 15c; and a full breakfast of ham, bacon, eggs, coffee, 25c to 35c; cakes 15c; oyster stew 25c; raw 20c; fried 35c. Let's place the blame for all this present high price on foods to the recent war.

"Doc" Buck seems to have a pretty good stand with the police department, for there is a glaring sign in front of his office at his parking stand that anyone entering that reserved spot will be handed a modest fine of \$25 and costs.

Over at the Mathis Bee store they have a modern post war electric train on exhibit, and does it draw the attention of the passerby? The kids gang up to watch its operations, the white boys with covetous eyes, and those big eyes of the negro kids bulging from their heads with amazement and interest. Yes, we noted several of our "daddies" over there fooling around, and slyly an order was being written out for a later delivery. This outfit has a full train, electric headlight, a real whistle, automatic couplers on the cars. After you read this, but some of you people will be going over just to get a look.

One of the esteemed readers of the Observation column, stopped me on the street and shot this at me. Oh, Judge, you know I just do not read on reading your column. You know I can just follow your travels of the week, almost tell what you are reading, and what you are thinking. Oh, Guess I'd better be a bit more careful about divulging my goings and comings, some of them might reach up to St. Cloud where my frau resides. Who ever imagined that any one would be interested in me, let alone a woman!

Despite the ravages of hurricane, wind, rain, frost and vegetable blight, which this farming season has experienced the past season, when the final checkup comes with all its losses, there will be some profits recorded, and some large income taxes to be figured and paid.

West Palm Beach last Sunday was quite a popular spot for Glades people. Some went

to witness the bull game, some to visit and inspect the LST boat; some attended the Flower show and still others took in the feature of the show, I know the bull game was an interesting one; that the visit to the government boat was interesting and educational and very much well worth the visit; and some of the women raved over the flower show.

Once again the pictures of Spessard Holland are gracing the Florida landscape, as that gentleman is making an active candidacy for the U. S. Senator nomination. Some of the face of Lex Green, Holland's only strong opponent in the race, will be looking out of windows and off advantageous locations. Soon the oratory of both of these men will be striking audiences in South Florida areas, as they make their speaking engagements.

## THE OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to hear you call that an old fashioned idea, Judge."

OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people... that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so

much is being done to help them by finding out and correcting the condition that leads them to excess."

GEORGE: "How many folks are there like that, Judge?"

OLD JUDGE: "Well, according to scientific research, 95% of the people who drink, drink senses the 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

GEORGE: "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard on the subject."

## There's a GROWING NEED for FLORIDA-RAISED PROCESSED

In 1945 Florida  
Produced These  
Field Crops:

\* Estimate  
\* Additional Florida produced 100,000 tons of citrus pulp and 10,000 tons of fish meal and scrap.

## Florida's Feed Output Inadequate to Meet State-wide Demands of Florida's Huge Livestock Industry

Florida's livestock industry is thriving in spite of the fact that much of the feed for the state's animal and fowl population must be imported.

## The Situation Offers Real Opportunities

To feed Florida's livestock population, three times the present hay crop and four times the present grain crop is needed. Processed feeds from sweet potatoes, cotton products, peanut products, citrus by-products, lemon grass pulp and molasses, fish meal and scrap can fill much of the gap. As Florida's livestock industry grows, the demand will be even greater.

The need exists, the raw materials are present or can be produced, the opportunity beckons! NOW!

FLORIDA POWER & LIGHT COMPANY

Our research indicates that the profit possibilities in processed feeds merit your careful investigation. For further information, ask your Florida Power & Light Company manager or the Industrial Development Department of the Florida Power & Light Company.

## We Visited East Coast City Furniture Emporiums The Past Week End

After we had inspected the supply of furniture and house equipment which they had on hand, and found how their sparse shipments were coming in, we decided to come home and be contented with what we have to sell in our small city store, for we are far more fortunate than they in that respect.

When shipments begin to come in to us in a real manner, then you are going to see some of the finest displays of house furnishings ever displayed in the Glades. We do not say this just for the saying, for we know that it is true.

These shipments will consist of—

**BEDROOM SUITES**  
**DINING ROOM FURNITURE**  
**KITCHEN FURNISHINGS**

and many other items to aid in making the home beautiful and comfortable.

Our line will consist of—

**RADIOS**  
**ELECTRIC RANGES**  
**HEATERS**

### SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. B. S. Garris, daughter Junata and son Billy, left the last of the week for their home at Rock Hill, S. C., after spending the winter in South Bay.

J. R. Duncan is quite ill and under the doctor's care.

Gus Cromatic, daughter Alice, and sons Jack and Billy of Torrey Island, visited Mrs. Ivy Stranahan at Ft. Lauderdale Sunday. Alice and her room mate, Betty Ann Hill, are spending their spring vacation from the Florida State College for women at Tallahassee at their respective homes.

C. E. "Pop" Green, who has been a patient at the Dr. J. S. Robinson clinic at Winchester, Ind., for seven weeks, is home on a three weeks visit and is returning to the clinic at the end of that period.

Clyde Cecil Green, 17 months old son of Mr. and Mrs. C. Green, at the Osceola Camp, in the Government Migratory Hospital suffering from pneumonia.

County Engineer Jake Boyd, recently returned from overseas service, was out in the Glades last Friday checking on roads and bridges. He was sporting a new Jeep, furnished by the County Commissioners.

O. R. Combs and crew of eight of the South Eastern Electric Company of Miami, were in South Bay last week putting in new poles and raising the electric lines ten feet above the Baptist Church for the Florida Power & Light Co. as required by law. The new addition to the church, a second floor Sunday School department rooms, had brought the roof too close to the lines and a workman recently was almost electrocuted when he came too close to the wires.

Mrs. Julia Graham of Frankfort, Ky., is the guest of Miss Irene Dawson at Lake Harbor.

is postmistress of the South Shore Plantation sub-station. It is open from 4:00 to 6:00 p. m. daily.

E. L. Baker, E. L. "Bud" Baker, Jr., and crew left Sunday for Friday for their home at Great Forks, N. D., after spending the winter here building the big chimney for the Okelanta Development Company.

Mr. and Mrs. Tony Anselm, infant son and Barney Anselm, left last week for St. Louis.

Mrs. P. A. Keen is recuperating at home from a recent major operation in West Palm Beach.

Mrs. H. C. Hancock and daughter Betty of Miami visited Mr. and Mrs. W. E. Hudson last week and Mrs. Hudson accompanied her daughter to Miami for medical treatment.

Mrs. Hazel Byrd taught the first of last week in the first and second grades during the illness of the teacher, Mrs. E. M. Parsons.

Mr. and Mrs. Fred Bridges and children of Ft. Pierce arrived Friday. Mrs. Bridges and children remained over the week end with her sister, Mrs. Mark Challenor and family while Mr. Bridges attended to business in Ft. Myers.

E. E. Hardy, ARM 2-c, and wife arrived Friday from Jacksonville on a month's leave, following which he will report at Norfolk, Va., for sea duty.

R. S. Norton of Haines City spent Sunday with his brother, Forrest Norton and family.

Charles Lashley of Tampa stopped over Wednesday night for a visit with the L. O. Ratley family and was accompanied home by Mrs. Ratley who visited her daughter, Mrs. Lashley, and her son, L. O. Ratley, Jr., and family, returning Sunday night.

Mrs. Louise Price and daughter, Sarann, have returned to Tampa after a week's visit with Mrs. A. B. Barnes and family.

Marjorie Brown of Clewiston and little cousin from Indiana, spent the week end with her grandparents, Mr. and Mrs. C. J. Brown.

Mr. and Mrs. Kenneth Hitchcock and son, Kenneth, Jr., spent Sunday in Miami as guests of Mr. and Mrs. John R. Crow and son Mike.

C. F. Hart of Sarasota is spending the week with his uncle, W. C. Allen and family.

Mr. and Mrs. Earl Walker, Mr. and Mrs. Tom Frame of Belle Glade visited their mother, Mrs. Irene Frame, at the Naval Hospital in Miami Sunday. They found Mrs. Frame improved and expecting to return home in the near future.

S 2-c Wm. W. Bryars, wife and Mrs. Viola Dunnam of Greenacres, visited their grandparents and parents, Mr. and Mrs. Q. A. Keen Sunday. Seaman Bryars received his discharge from service at Jacksonville on March 22. He has been stationed for the last six months at Melville, R. I.

Mrs. Lewis Powers and son Harvey, of Ft. Myers, spent the week end with her mother, Mrs. H. L. Marlowe, Sr.

Mr. and Mrs. C. L. Shaw and sister-in-law, Mrs. O. A. Ward, Jr., visited Mrs. O. A. Ward, Sr., at Jupiter Sunday.

Aubrey McAllister moved B. D. Willis to Ocala last week where he will make his home with his son, C. B. Willis.

Mr. and Mrs. Ted Daniels of Lake Harbor, visited friends in Miami on Sunday.

J. W. Batchelor of Pahokee is visiting J. H. Newman at Lake Harbor.

Sue Ellen Station, small daughter of Mr. and Mrs. Ralph Station, has returned convalescent from the hospital.

**Bean City Fish Fry**  
The Bean City people enjoyed a community fish fry at the Wells machine shed where an outdoor stove and tables were arranged for the comfort of the group. Fried fish, swamp cabbage, corn bread, coffee and cake were served.

Those attending included Mr. and Mrs. M. McAllister, Aubrey, Purvis and Jimmy McAllister, Mrs. J. C. Smith, Mr. and Mrs. John L. Evans, Mr. and Mrs. E. E. Daisher and family, Mr. and Mrs. J. H. Harrelle and children, Mr. and Mrs. J. P. Prevatt and family,

Mr. and Mrs. C. A. Armstrong and Norma Jean, Mr. and Mrs. Hovas Prevatt and children, Mr. and Mrs. Zeke Partain and Joyce, Mr. and Mrs. R. L. Barrett and Richard, Mr. and Mrs. J. Frank Prevatt and Sharon, Mr. and Mrs. Willie Frank Martin, Mr. and Mrs. Herbert L. Marlowe and Jerry, Miss Carolyn Mutchler, Herbert Priest, Carroll Warren, Mr. and Mrs. E. W. Sellers, Mr. and Mrs. R. A. Hall and family.

#### Training Class Completes Work

The services Sunday at the South Bay Baptist Church were in charge of Rev. Ted Temocchuck, who is spending the winter in Clewiston. He will also be in charge of all services next Sunday. The following Sunday the regular pastor, Rev. Wm. Oswald, will have arrived to assume his pastorate here.

The Training Union Study Course, which was started last week, was interrupted on account of lack of lights while the repairs were in progress to the line adjacent to the church. It was completed Monday night when awards were made and the social get together enjoyed. The topic was, "A Growing Christian," and 30 are to receive

# Announcing Our Dry Cleaning and Laundry Service In Belle Glade

Believing that Belle Glade area needed a modern Dry Cleaning, Pressing and Wet Laundry plant, we have provided that service, which we will carry on in our new building and modernly equipped plant on Sixth Street, between Avenues B and C.

We will be open and ready for business in the Pressing and Dry Cleaning department on and after April 1st, and our endeavor will be to give prompt and satisfactory service at reasonable prices.

Our plant is equipped with the best that money will buy in this type of equipment; we have experienced men to handle all departments, and we will give personal supervision to all work.

We also have a Rug Cleaning Machine to handle this type of work, and our Wet Laundry service will soon be available.

This is a home owned and managed institution and we hope and trust it will be appreciated by patronage.

**E. D. Barbee James Carroll**

Owners and Operators of the Home  
Laundry and Dry Cleaning Plant  
Sixth Street Belle Glade Florida

# Building Lumber For Belle Glade Projects Soon Available

Finding myself going to be short on building lumber for my own uses, I took the bull by the horns and purchased a partnership in a sawmill outfit at Alexandria, Ala., and contracted for the entire daily output of 20,000 feet of white pine and hardwood products to be shipped to Belle Glade on an established schedule.

I AM NOT GOING TO BE STINGY WITH MY NEIGHBORS, who also need lumber for their promotions, but will divide the supply with them, as I can spare it. This will be green lumber, but will be finished locally.

Four cars are now enroute to me, and one car a day will follow along, so will have plenty of types and sizes of lumber of your needs.

In my yard contractors and builders will also be provided with

**Rock, Sand, Building Block  
and other necessary materials**

And our trucks will be doing any type of hauling for you.

## Things That Concern Florida Cattlemen

Things that concern 12 — Secretary of Agriculture Anderson announces the following cattle and hog prices

**Cattle Feeder Subsidy**  
The subsidy now being paid to cattle feeders at the rate of 50 cents per 100 pounds on cattle meeting certain weight and grade specifications will be terminated on June 30, 1946. The purpose of this subsidy has been to encourage cattle feeding operations. The present feed situation is not such as to justify continuance of this special incentive for the feeding of cattle to heavier weights.

**Hog Cullings and Subsidies**  
In accordance with announcement made last April, no change will be made in culling prices for hogs prior to September 1, 1946. As soon as possible, however, the Office of Price Administration will confer with its industry advisory committee to consider lowering the culling price on heavier weight butler hogs after September 1 and to consider lowering the subsidy on heavier hogs before September 1. The purpose of such changes would be to encourage farmers to finish hogs at lighter weights and thereby make more efficient use of our limited supply of feed grains.

**Meat Supply**  
According to the Bureau of Agricultural Economics, production of meat in 1946 is likely to be moderately larger than in 1945, and more than 40 percent above the 1934-39 average of 16.2 billion pounds. Hog slaughter will be increased as the fall pig crop was 12 percent higher in 1945 than in 1944 and the spring pig crop this year probably will show a slight increase over that of 1945. Output of beef will continue high, as a large number of cattle are on feed for market in the first half of the year and increased marketing of breeding stock is in prospect this year. Lamb and mutton production will be less than in 1945, reflecting last year's sharp decline in numbers of breeding ewes. Prices of hogs and the better grades of beef cattle may weaken in the late spring as marketings of the fall pig crop reach a peak and as marketings of feed cattle increase seasonally.

**Four-H Club Calfes**  
The fat stock show in Ocala demonstrated the fact that all breeds of beef cattle will respond to feed and care. Quality, good breeding, selection of beef types plus feed and care produced high quality animals in the show. Cattleman who furnish

nished these 4-H members with good calves are to be commended. 4-H club members need steers to feed for this next show.

**Sewerwork Situation**  
The Bureau of Entomology and Plant Quarantine has maintained a sewerwork survey in the southern part of the U. S. since 1939. This service studies the effects of various factors which cause sewerwork outbreaks. The 1945 survey indicates one of the lowest potential infestations of the sewerwork fly in the past ten years, particularly in Texas, California and Arizona. For Florida, it predicts possible light infestations over all of the southern half of the state.

## Cub Scout Patrol Being Reorganized

W. E. Nexson, assistant Boy Scout executive of West Palm Beach, presided at a meeting Friday night at the Methodist church, held for the purpose of reorganizing the Cub scouts. Films were shown and an interesting talk was given by Mr. Nexson. Another meeting is slated for Friday, April 5, when all parents with boys between the ages of nine through eleven, are urged to attend, along with their sons, at that time.

Among those attending the meeting were Mr. and Mrs. J. B. Jones, Jr., and son Peter, Mr. and Mrs. Vernon Jones and sons Ronald and Franklin; Dr. R. R. Townsend and son Dickie, Mrs. Roy Norman and sons Dale and Lynn, Mrs. H. V. Draa and son H. V. Jr., Mrs. E. M. VanLandingham and son Bobby, Mrs. Ray Kent and son, Mr. and Mrs. C. A. Thompson and sons Curtis Jr. and John, Mr. and Mrs. Clyde Crosby and son Don, and others.

## Masonic Grand Lodge

Entered apprentice degree work was the order of business at the meeting of Belle Glade lodge No. 273, F. and A. M., on Tuesday night, with Joe Friedheim occupying the Master's chair. Several petitions were acted upon, and a number of others presented.

A delegation of members from Harmonia lodge at West Palm Beach were in attendance and made talks. The Grand Lodge session is to be held in Jacksonville during the week of April 16, and Ralph Freeman, the Frolovian, will deliver the master and wardens of the lodge, will be entitled to seats in that body.

Looking forward to the time when the proposed new temple can be built, a special committee is looking after site matters and many members have made generous donations to the project.

## Lions Kept In Line By Four Law Officers

If those Lion boys had started something at the Wednesday meeting, their actions could have been quickly subdued for there were four law officers present, and even the tail twister was under control for once, and took to coins from members' pockets in fines.

Ladies night will be held at the Country Club on the night of April 5, at 8 o'clock, dress optional. The entertainment will be provided by a West Palm Beach hypnotist, and the Choir of the Colored Baptist Church of Belle Glade, and its male quartet. The club will hold no noon-day luncheon on April 10th.

The Woman's Wedding will be the benefit performance of the year at the school auditorium on April 11th. Program leaders for April will be: April 3, Lion Alliance;

17, Rev. Enlow; 24, Lion Nash, Pahokee Lions, through Earl Lindroose, hurled a challenge to the local Lions for a series of soft ball games during the summer, which will be accepted. George Ganas was the speaker of the day and gave a very fine talk on traffic accidents, which was a very timely presentation, showing much diligent research and preparation. His talk was supplemented by State Patrolman Thompson from West Palm Beach.

## Plans Being Made For Formation Of New Conference

There has been considerable discussion among the school football coaches over the past arrangement of conference membership, as their teams were forced to belong to two conferences in order to fill their schedules, and play teams out of their class.

A meeting of school administrators, coaches and backers of teams is to be held in Pahokee next Monday night, when steps will be taken toward the formation of a new conference. Representatives from Moore Haven, Clewiston, Okeechobee, Belle Glade, Pahokee, Stuart, Vero Beach and Ft. Pierce, are expected to attend this important meeting. Most of the schools favor such a new conference.

## Crack Colored Teams Play Here April 6th

There is going to be a great baseball game at the Okeechobee ball field Saturday night, April 6, at 8 o'clock, under the lights, when the famed Black Yankees of New York City play the Belle Glade All-Stars. Both of these teams are colored, and each has a line of expert ball players.

For several years the All-Stars have been playing home and road games, and have made an excellent record as a team, and have battery men equal to the best. The Black Yankees belong to a professional league in the north, and have plenty of ability on the diamond.

The management will have reserved seats for white patrons. Those who like to see real baseball will surely get an eyeful if they attend this game between these outstanding colored teams.

## BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

Question—Was Jesus the only one who fasted forty days? (Matthew 4:2)

Answer—Moses and Elijah also went without food for forty days. (Exodus 24:21; 1 Kings 19:8)

Q.—Are not angels our good thoughts?

A.—According to the Bible, angels are real beings. In Genesis 19:3 it is written: "And he [Lot] made them a feast... and they did eat." (See also Genesis 18:8) No mere thought, however good, could eat food.

Q.—Does it make any difference what a man believes so long as he is sincere?

A.—The apostle Paul urges sound doctrine. "Holding fast the faithful word as he hath been taught, that he may be able by sound doctrine both to exhort and to convince the gainsayers." Titus 1:9. Joshua thought it made a great difference as to which God Israel worshipped. Joshua 24:15.

Q.—Who is the "great red dragon" in the Bible? (Revelation 12:3)

A.—Primarily, Satan. "And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him." Revelation 12:9.

Q.—What is the new covenant I hear it mentioned, but without explanation?

A.—Here it is in Hebrews 8:8, 10: "Behold, the days come, saith the Lord, when I will make a new covenant with the house of Israel and with the house of Judah: . . . For this is the covenant that I will make with the house of Israel after those days, saith the Lord: I will put my laws into their mind, and write them in their hearts: and I will be to them a God, and they shall be to Me a people."

Q.—God would have to make me over new before I could live differently. What can I do?

A.—That's just what God does—He uses creative power which transforms the believer. "For we are His workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them." Ephesians 2:10. David prayed: "Create in me a clean heart, O God; and renew a right spirit within me." Psalm 51:10. See also 1 Corinthians 6:17; Romans 8:24.

Ed. Note: Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 53, Calif. Bible questions of general interest will be answered in this column at space permits.

## More Lights Wanted Left In Business Places

Local city, district and county police report that the last week was the quietest in police circles in the past few months, and but few arrests were made on any charges. The city is in the field for two good police officers, and Chief Parrish has the authority to place such men to work if they can be found, but experienced officers are very hard to secure. With two more officers on night beats, criminal marauders would not have opportunity to keep as close eyes on police movements as they seem now to do.

Chief Parrish is asking as assistance to the work of the officers, that more lights be left on in business places, and that all rubbish and obstructions be removed from behind stores, so that criminals might not have a place to hide, and possibly

## Married By Judge Hubbell

Fred G. Mock and Beatrice Collins, accompanied by the bride's parents, called at the home of Notary Public G. A. Hubbell Friday night, and were united in the bonds of matrimony.

## W. S. C. S. Convention

The sixth annual convention of the W. S. C. S. of the Florida Methodist Conference, is to be held in Jacksonville on April 2nd to 5th, with Mrs. Edwin B. White, state president, presiding. There will be some 500 delegates present from the 315 societies, of which there are three in the Glades, Canal Point, Pahokee and Belle Glade.

## JUST AN EASTER SEAL

I cannot walk, I cannot run. While other children have their fun. I watch them and I softly pray That God will maybe me well some day. So I can join them in their play. An Easter Seal's a tiny thing, But oh, the joy that it can bring To crippled children everywhere. It spells the answer to their prayer.

**WHAT IS IT?**  
Sarasota.—Definitely different is this attractive water tank and tower as the Sarasota steam electric station of Florida Power and Light company. Selected as best fitted to harmonize with the landscaped grounds, the tank and tower are 150 feet high. The tank has a 50,000 gallon capacity. It is supported by a single cylindrical column which is about five feet in diameter.

**School News**  
By Betty Lou Powell  
**Girl Scouts Meet**  
Troop 1 of the Girl Scouts met at their last Monday afternoon with their leaders, Mrs. Mary Cross and Mrs. John Tabit. All of the girls are working on merit badges in order to be first class Scouts by the end of the year. Joanne Livingston, Marguerite Campbell, Betty Jean Pitts, Maxine Schell and Betty Lou Powell passed the reader's badge in the dramatics field, and Geraldine Dean worked on the clothing badge.

**Red Cross Drive**  
Approximately twenty students assisted in the Red Cross drive Thursday afternoon. They were excused from classes at sixth period. Certain districts were given to teams of two and most of the territory was covered by the end of the day and envelopes of donations turned in.

**Glee Club**  
The Glee Club has been practicing songs for commencement exercises in which they will take part, and also for a festival to be held in West Palm Beach soon. They plan to wear robes for the exercises.

**Juniors**  
The Junior Class has been busy decorating the gymnasium and making the many preparations for the Junior-Senior Prom and banquet to be held next Friday evening. Attractive programs have been printed and the southern plantation is their theme this year. The banquet will be served by the ladies of the St. Mary's Altar Society. On Friday the Juniors will be excused from classes all day.

**Geraldine Dean Has Birthday Dinner**  
Mrs. H. V. Dean honored her daughter Geraldine on her 15th birthday with a buffet dinner given at her home on Saturday evening. The table was beautifully decorated with flowers, which was a gift to the honoree from her father. "Happy Birthday" was sung and her gifts displayed. Following dinner the group listened to the record player, did skits and danced. Later they went for a ride. Present were Shirley Connell, Barbara Hayman, Nancy Crossen, Donna Lee Bowman, Joanne Livingston and Betty Lou Powell.

**Kid Party at Rink**  
A "kid party" was held at the local skating rink Friday night with everyone attending dressed as kids. Prizes were awarded for the best costume. Winners were Mary Maloy, first prize; Jane Webster, second prize, and Junior Collins, third.  
**Wiener Roast**  
Mary Elizabeth Hooker en-

**Class Room Teachers Meet**  
The April meeting of the Class Room Teachers' Association will be held at the high school auditorium in West Palm Beach Saturday, March 30th, at 10 o'clock. Mrs. Ida K. Hardy of the Belle Glade schools, as vice president, will preside over the session, in the absence of the president. An invitation has been extended to state and county candidates to be present and speak. Teachers want to get acquainted with these men seeking public office, for they have a political battle to fight in the fall, and want to know their men and their possible capabilities.

**Got Assignment On Old Job**  
G. D. Kirtland, agent for the Western Union, was in Ft. Lauderdale Friday where he was in charge of the press box wire business for the company, in reporting the details of the Boston Braves and New York Giants baseball game. His outfit consisted of two phone wires, four Morse machines and one teletype outfit, with Kirtland tapping on the Morse keys.

**We Lose Patrol Station**  
At the recent session of the State Patrol school, 23 new patrolmen were graduates and added to the state force, and will be given assignment after April 1. The local station of the patrol, which has been located in Belle Glade, has now been moved to new quarters in Palooka, which will have its own operating staff. The Everglades Fire Control District, of which Guy Bender is chief, will also operate its business and run reports over the new Palooka central.

**Old Dredge On The Job**  
The Arundel Corporation, of Baltimore, Md., has brought to West Palm Beach its famous old dredge boat, the Caloosahatchee, which did several turns during the building of the lake dyke. Captain M. W. Whalley, who took over the command of the dredge when it came out new in 1929, is still in command of the craft.

**Open Lake Flood Gates**  
The growers received good news last week when the news came that the U. S. Engineers had started discharging surplus water from Lake Okechobee through opening the lock at Moore Haven to permit outlet of lake waters through the

**UP AND DOWN THE COAST LINE**

**KITE FLYING ON CITY STREETS IS DANGEROUS!**  
**PLAY SAFE! Fly your kite in any open field, away from traffic and away from trees, wires and buildings on which the kite can become entangled. Do not have metallic lines attached to your kite and do not construct the kite of any metallic substance.**  
**Do not fly kites during thunder storms or when such storms are in the vicinity. Avoid these dangers and you will reduce accidents.**  
**HERE'S WHAT CAN HAPPEN!**  
Crowded streets and highways are unsafe for playground use. A youngster intent upon his kite may step in front of an approaching truck or become the victim of some other type of accident. DON'T TAKE CHANCES! Fly your kite where it is safe!  
**FLORIDA POWER & LIGHT COMPANY**

**OBSERVATIONS BY TERNER ROCKWELL**  
A bulletin recently issued by the Federal Reserve Bank of Atlanta points to the industrial changes in the South during the war years and calls attention to the possibilities for retention of many of the gains made and the betterment of the economic status of this section.  
There has been such a marked development of the industrial phase of the South's economy that we may well look to the future in the full confidence that the South will no longer depend entirely on farm products for its livelihood.  
In the war period, as the bulletin tells us, there was a notable increase in the number employed in manufacturing as compared to agricultural employment. Not only is this true but many parts of the South that formerly knew little or nothing of manufacturing activity became centers of industrial plants.  
For the first time in its history the South finds itself with ample capital to finance both industrial and agricultural expansion.  
Indications are that there will be a strong demand for agricultural products for some time and this should give assurance that the farmers of the South will continue to receive favorable returns from their crops.  
The South is no longer looking upon itself as unable to fight its own battles and chart its own future. It is awakening and looking to the future with confidence and there is the firm conviction that never again can it be justly referred to as a "nation's economic problem number one." On the other hand, there is good reason to look to the South as the nation's number one opportunity.
